## Japs No Longer Believe In War on Global Scale, Fight 'Alone' in Pacific

Russell Brines has just returned after 10 years in the Pacific theater, including several years in Tokyo. The following article is based on information he obtained from Japanese officials and newspapers before and during two years of internment.

By RUSSELL BRINES  
NEW YORK, Dec. 9.—(AP)—Japan's experiment with European Fascism has failed, and the subsequent political reaction has headed the country toward a purely Japanese-style regimentation.

The Japanese no longer believe they are fighting a global war, in close concert with the Axis. They believe Japan is fighting single-handedly in the Pacific.

Disillusionment with their European partners has led the Japanese into a policy of complete isolationism. The military will continue active, although limited, collaboration with the Germans. The press will boom any Nazi successes. But the signs are the Japanese will depend more and more upon themselves.

**SINGLE PARTY**  
The pattern of Japan's wartime Fascism was cut from European cloth. It has to have a single party, the Imperial Rule Assistance Association.

Opponents of the program, and of the militarists behind it, were the liberals, bureaucrats, professional politicians and industrialists. Today the I.R.A.A. not only is publicly discarded, but radically altered.

The industrialists, most potent foes of rampant militarism, were clubbed into silence during the first 18 months of the Pacific war. They are in the forefront of the fight for home-grown nationalism.

Business now has a greater active voice in the government than once tried to submerge it. Ten industrialists recently were appointed as advisers to the cabinet, the most important concession Japan has made to the Osaka clique.

**PEACE MOVE "FOILED"**  
The Cairo announcement may have smashed what appeared to be a plan to establish a civilian cabinet which might have, after Germany's fall, attempted a negotiated peace.

It is still too early to determine whether the return to prominence of the liberals is a genuine development or part of a still-born scheme to win a "face-saving" peace.

# Daily War Map—Exclusively in The Edmonton Bulletin

During the past week Montgomery's army has advanced a maximum of nine miles on a 30-mile front. This has taken them through most of the enemy's fortified positions on the Adriatic end of the Italian battlefield. The towns of Orsogna, Casoli and Lanciano have been taken. Our troops now are on the edge of San Vito. They continue to advance. Montgomery will now drive for the more important objectives of Chiato and Pescara. Near the west end of the battlefield Clark's Fifth Army is advancing.

## Relieves "Anxiety" Cobb Leaves No Doubt He's Very Much Alive

NEW YORK, Dec. 9.—(AP)—Frederic S. Cobb, the humorist, has written to his old friend, Kent Cooper, executive director of the Associated Press, suggesting that circulation be given to the "embroidered" article in the *Continental* and the *Pacific*. The text of the communication, in Cobb's handwriting, reads: "Through the public prints it has been brought to my attention—as the politicians love to put it—that I am dangerously ill. Among my devoted public, this report appears to have occasioned considerable anxiety. In fact one of my wired (collect) asking for the details and the other for long distance charges reversed. "In reply I would say that at this writing I am doing much better than originally was expected by my long distance charges reversed. "For those who enjoy morbid particulars I might add that the doctors are still tapping me for impulsive little frenzies of droopy but the results of these aquatic visits and painful treatments by far, diminish as time passes. For a while, though, they tried too hard to be cheerful, I've got what I mean. And I'm still worried about St. Swintha's Day. "The approach of the holiday season gives me double incentive to thank all the kindly souls who have shown solicitude regarding my state of health or lack of such. As for me, I content myself with the refrain, 'Merry symptoms and a lumpy New Year.' "Gratefully, "FREDERIC S. COBB."

## Pope Pius Offers Prayer For Peace

LONDON, Dec. 9.—(CP)—Pope Pius, in a prayer for peace yesterday in celebration of the feast of the Immaculate Conception, asked for a "prayer for our souls... peace that we might lay down arms."

The text of the prayer as broadcast by the Vatican radio and recorded by the ministry of information, reads: "In this tragic hour of human history our hearts turn to the immaculate virgin."

"The many material and moral ruins move me. How much pain and anguish there is, how many houses have been ruined. Give us peace for our souls, give us peace that we might lay down arms."

"We pray you to stop the flood of hate and neopaganism that is sweeping the world and that love and true peace might once more fill the hearts of men."

D.N.B. broadcast a Rome dispatch saying the Pope is expected to deliver a wide-wide address the morning preceding Christmas Eve, and also that the Christmas Day pontifical mass is expected to be broadcast.

## Admit Feed Grain To U.S. Duty Free For 90-Day Term

WASHINGTON, Dec. 9.—(AP)—After a hot debate, the House of Representatives passed yesterday a measure to permit duty-free importation of livestock and poultry feed for a period of 90 days.

The bill was sent to the senate on a rollcall vote of 255 to 55 after a bloc of midwest lawmakers had unsuccessfully to omit corn from the list of feed which may be brought in without a tariff.

As passed, the list included wheat, corn, barley, rye, flax, cottonseed, and hay, with the specific provision that the bars are to be removed temporarily for their use as feed for livestock and poultry.

## 120,000 Mail Bags En Route Overseas

OTTAWA, Dec. 9.—(CP)—More than 120,000 mail bags packed with 900,000 parcels are on their way overseas to ensure a merry Christmas for men and women in the Canadian armed forces, defence headquarters said yesterday.

The mail is not set over by postal corps personnel, under Maj. F. A. Warner, an east coast Canadian post office, are beginning to relax for the first time in weeks, headquarters said.

## New Zeebrugge Feat Proved Unsuccessful

LONDON, Dec. 9.—(CP)—Admiral of the Fleet Lord Keyes disclosed to the Luxembourg Society yesterday how in 1940 he tried unsuccessfully to emulate the feat which gained him First Great War renown—blocking the harbor at Zeebrugge, Belgium.

The disclosure came in a speech in which he declared the end of the war is near, without a shadow of doubt, and he called for post-war reparation of the German states by a great army of occupation.

Lord Keyes related that the Zeebrugge attempt—and an equally unsuccessful effort to block Ostend Harbor—came during the Nazi invasion of the low countries. At that time, May 25, Lord Keyes was naval attaché at Brussels with the object of maintaining a special liaison with King Leopold of the Belgians.

Three ships ready  
Three ships heavily laden with concrete were all set to block Zeebrugge once more. When the block ships came in, however, they were met with gunfire because the French army apparently thought they were German and sank them just outside the mine, he recalled.

"The next night three more block ships intended for Ostend were put in the canal between Zeebrugge and Bruges, and we knew it is severely blocked now," he said.

Then, Lord Keyes continued, there was nothing with which to block Ostend. Orders were left for lock gates and the harbor installations to be destroyed but later in England a French officer told him nothing had been done.

## Loans to Veterans Under Settlement Bill Are Increased

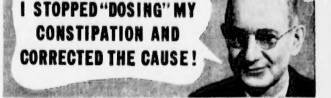

OTTAWA, Dec. 9.—(CP)—The amount of money which may be loaned to war veterans under terms of the soldiers' settlement bill has been increased by a special order, it was announced yesterday.

A resources department official said war veterans now could be loaned \$4,800 for purchase of farm land and building materials and \$1,200 for stock and equipment.

Under the original act passed at the last session of parliament veterans were permitted to borrow \$3,600 for land and building materials and \$1,200 for stock.

## Promoted

WASHINGTON, Dec. 9.—(AP)—Brig. Gen. Patrick J. Hurley, former United States secretary of war, was nominated yesterday to be a Major-General. He had a principal role in making advance arrangements for the Allied war conferences in Cairo and Teheran.

**I STOPPED "DOSING" MY CONSTIPATION AND CORRECTED THE CAUSE!**

● In these busy days of war you owe it to your country—as well as to yourself—to keep "in the pink." That's why it's important to avoid the common type of constipation caused by lack of "bulk" in the diet. And do it by getting rid of the cause instead of "dosing" with harsh purgatives that give only temporary relief. Just follow this simple plan. Eat KELLIG'S ALL-BRAN every day!

It's delicious as a cereal or in hot, tartary molasses. Drink plenty of water. There are no "doses" of ALL-BRAN in the "better way" in natural sugar. But remember, eat ALL-BRAN every day!

Givers have ALL-BRAN in two convenient sizes. Made by Kellogg's in London, Canada.

# Today's Sport Parade

By Jack Cuddy

**NEW YORK, Dec. 9.**—The news that the greatest brother battery baseball ever has known, Mort and Walker Cooper, soon may be doing their pitching and catching for Uncle Sam, reminds us of another job they once did for another relative—the father.

Walker already has passed his physical and has been accepted for limited service in the armed forces. He is awaiting now only the call to duty. Brother Mort, the striking ace of the St. Louis Cardinals, has been summoned for his preliminary physical on Monday.

We had the privilege of watching Mort Cooper break his jinx over the American League in the second game of the world series this year. That, in our mind, will go down as one of the most courageous sports victories of all times.

Cooper, mind you, although a great player in his own league, had never, in four previous attempts, been able to make the All-Star team of the junior circuit. In two all-star games and in two world series he had been treated with the amount of respect generally shown the rankest rookie out of Peoria.

**GREATER INSPIRATION**  
The victory Mort achieved over the Yankees was not only because of the American League jinx. A far greater inspiration spurred him on to the win.

Only a couple of hours before the Cardinals left their rooms at the New Yorker hotel, the Coopers received word that their father—the man who sponsored their baseball careers—had died.

Only a few in the vast crowd of nearly 70,000 persons at Yankee stadium were aware of the conditions under which Mort and Walker took the field that day. Manager Billy Southworth led the decision of whether or not to play to the Coopers, and Mort, after talking it over with Walker, agreed to play.

"We want to play, Billy. We'll win this one for Pop,"

**MADE GREAT STORY**  
This story of how they played and how they won made great copy for the sports writers. Mort allowed but six hits to the only game the Cards were able to salvage out of the series.

The spectators knew that the Coopers had done a great job in that game but little did they realize, until they read their evening paper, the tremendous handicap they surmounted while doing that job.

Brother Mort, winner of 21 games for the Cards during the season, and Brother Walker, regarded as one of the finest catchers in baseball, will be sorely missed by the National League champions in their quest for another pennant next season.

The call to service, however, surprised all who call as it came naturally and it's not only that the Coopers will be back on the baseball diamond before long to win other games "for Pop."

In Philadelphia, the use of sugar bowls is forbidden in public eating houses, even in normal times.

## CANADIAN SPORTSHOTS

By CHARLIE EDWARDS  
TORONTO, Dec. 9.—(CP)—Fil-  
li, 8yd. Hatter, president of the  
Amateur Athletic Union of Canada,  
indignantly denies this column's  
content that the union died in 1927  
when the Canadian Amateur  
Hockey Association withdrew its  
support in a dispute over definition  
of an amateur player.

Syd states the A.A.U. was  
active until the war and lapsed  
into a "state of suspension" only  
because the great majority of its  
affiliated athletes have enlisted.

"We'll be back after the war as  
active as ever," says Hatter, a  
Winnipeg barrister in civilian  
life. The amateur union's great  
problem at the moment is to find  
a secretary to succeed John  
Leslie, whose death occurred last  
week in Edmonton. "Even though  
our major activities were sus-  
pended," John continued to carry  
on considerable correspondence  
right to the end," said Hatter.

"He was one of the most val-  
uable sports executives in Canada  
with his great capacity for under-  
standing and his wide knowledge  
of sports. We shall find it diffi-  
cult to replace John Leslie."

Scoring record:  
Joe Sadler's seven goals here last  
Saturday as St. Michael's beat To-  
ronto Young Rangers 12-3 in the  
junior O.H.A. may have been a  
modern scoring record for class  
"A" hockey. Last year Charles Rus-  
sell of Winnipeg Rangers scored  
six goals as the club won the Mani-  
toba Junior title by beating St.  
Boniface 12-4. Sadler's spurge was  
an all-time record, however.  
Frank McGee scored 16 goals for  
Ottawa Silver Seven in a Stanley  
cup game in 1900. Joe Malone fired  
10 for Quebec Bulldogs in 1933 and  
Dick Irvin, now coach of Montreal  
Canadiens, scored nine for Winni-  
peg Monarchs in an Allan cup game

Round and about:  
There's a rumor Red Dutton

Hockey League's permanent  
presidency but that he will re-

a terrific insult when given his  
outright release by New York  
Rangers, who could use almost  
any kind of hockey help, may  
take a job coaching in Los  
Angeles. . . . Glen Harmon,  
Canadians defenceman, has in-  
vented a knockdown card table  
for use on railway coaches. Now  
that teams travel in day coaches  
they have to supply their own  
table tops and Harmon's four-  
piece model can be carried in a

## For Outstanding Service

## Boxers in Forces Given '43 Award

**NEW YORK, Dec. 9.**—(AP)—The 4,019 boxers who have traded in their ring trunks for uniforms in the United States' armed forces Wednesday were awarded the 1943 Edward J. Neil Memorial plaque, given annually by the Boxing Writers' Association of New York, for outstanding service to the sport.

The trophy, established in memory of the Associated Press sports writer and war correspondent who was killed during the war in Spain in 1938, will be awarded in the name of the "fighting boxer" at the association's annual dinner Jan. 19 and will be hung in their name in the lobby of Madison Square Garden.

The annual Neil Trophy will be accepted by a committee of boxers representing every branch of the armed forces and is being awarded in the name of all boxers, past or present, living or dead, who served or are serving the United States.

Available records show 18 boxers have been killed in action; seven others have met accidental death since entering military service; nine are missing in action and some 80 have been wounded. About 300 are carrying on boxing and morale programs in camps in the United States; 40 have been overseas and aboard the navy's warships.

In making the award to the group of 4,019—and any more who may enter the service during the war—the boxing writers departed for the first time from the custom of giving the trophy to an individual. Jack Dempsey won the first one, followed by Billy Conn, Henry Armstrong, Joe Louis, and, last year, Barney Ross. Four of these five now are wearing United States uniforms.

## Rumor Gambling In Pro Football

**WASHINGTON, Dec. 9.**—(AP)—Pro football in general and the champion Washington Redskins in particular set out yesterday to clear the air of rumors that gamblers had something to do with some of the surprising upsets this season.

National League officials brushed away the rumors that players associated with gamblers by calling them "good old games." Nevertheless the league served notice that any down-to-earth evidence would be appreciated so that any guilty parties could be thrown out of the sport for life.

The league and the Washington management said inquiries had been conducted early in the season into just such reports, without turning up any evidence.

## Pensions Minister To Open Hospital For War Veterans

**CALGARY, Dec. 9.**—(CP)—The ceremony in which Hon. Jas. Macnicoll, minister of pensions and national health, will officially open the new Col. Belcher hospital, will begin at 3 p.m. Thursday.

Dr. A. W. Park, district administrator, will preside at the opening which will take place inside the building.

Following the ceremony the public may inspect the hospital.

Mayor Dafoe and Commissioner J. A. Tweedie will represent the city, while representatives of the three services also will be in attendance.

New Zealand's largest river is  
only 80 miles long.

### Premier King Expresses Hope For New Order

**OTTAWA, Dec. 8.**—(CP)—Messages exchanged between Generalissimo Chiang Kai-shek and Prime Minister Mackenzie King on the second anniversary of the outbreak of war in the Pacific were released last night by Mr. King's office. Also released were messages between Mr. King and Prime Minister Winston Churchill on the latter's 68th birthday.

The Generalissimo said Canada and China "are marching forward shoulder to shoulder on the road leading to the creation of a better world order."

**REMAIN FRIENDS**  
"I have no doubt that our two peoples, now closely bound together in facing a common peril will remain the best of friends in performing the task of safeguarding peace and freedom in the post-war period."

In reply Mr. King said that "The friendship between the Canadian and Chinese people will continue to grow stronger."

"We shall share with equal pride, once the enemy is defeated, the task of defending peace and freedom and the creation of a better world order," he said.

In the message to Mr. Churchill on the eve of his birthday, Nov. 30, Mr. King said the people of Canada "All fervently hope and pray that this new year of your life may witness an early triumph of the cause in which you have given so brilliant and magnificent leadership."

Mr. Churchill replied that he wished to thank Mr. King, the government and the people of Canada for their "kind birthday wishes."

**'Flu May Reduce Parley Delegates**  
**CALGARY, Dec. 8.**—(CP)—Although it was originally estimated that about 200 delegates would attend the Alberta Social Credit League convention which opens here Thursday, it is now feared that "flu" will considerably reduce the attendance, officials of the league stated yesterday. The number of "casualties" from northern Alberta particularly might be heavy, they feared.

A heavy budget of resolutions awaits the convention, it was learned. The resolutions committee is headed by the chairman of J. B. Gillies of Edmonton, is busy consolidating a number of them.

The topics were not given but it is understood considerable discussion of the larger municipal unit is likely.

Organizations, both federal and provincial, will also be to the fore, particularly in Thursday's sessions. It is likely, officials stated, that preparations for a national convention at Winnipeg early in the new year may be made.

**Expect No Change Tea, Coffee Ration**  
**OTTAWA, Dec. 8.**—(CP)—The Prices Board announced last night there is no "early prospect" of substantial increase in the tea and coffee ration.

"Rations of tea and coffee were increased on September 2, bringing them to 2 1/2 ounces of tea and 3 1/2 ounces of coffee weekly per person after that date. Previously they stood at one ounce of tea and four ounces of coffee weekly per person."

The board said the ration will remain at the higher level, which has "fully absorbed" the larger supply that it has been able to arrange for.

"No increase in stocks on hand has been possible and these are below the normal level of pre-war days," the announcement said.

**U.S. Missionaries Reveal How Japs Slew 50,000 Chinese**  
**LOS ANGELES, Dec. 8.**—(AP)—How Japanese soldiers seized and killed 50,000 young Chinese from a refugee camp which American missionaries helped operate was related yesterday before a state legislative committee on Japanese problems.

The witness, Dr. Ralph Phillips, for 26 years a missionary in the Orient, told the committee he and his wife helped run a camp for several hundred thousand refugees outside of Nanking.

"On the pretext that they were soldiers," he said, "about 50,000 Chinese were taken out of the camp by Japanese officers and soldiers over our protest. They were taken into the fields, stood up and shot. Bodies were stacked and burned."

"From the same camp thousands of girls from the ages of nine to 15 were taken and turned over to the Japanese soldiers for a week, after which those who survived were killed in the most cruel and unspeakable manner."

**Says Lend-Lease Gas Is Re-Sold To U.S. Forces**  
**WASHINGTON, Dec. 8.**—(AP)—Representative Wm. Lemke (Rep., N.D.) told the house of representatives yesterday he had been "reliably informed" that "certain foreign countries" are selling gasoline received under lend-lease to the United States army at a profit of 80 cents a gallon. Lemke said he was told the gasoline was being sold at two cents a gallon and then resold to the army at 42 cents a gallon. He did not name the countries or give the source of his information.

## Post-War Reconstruction Committee Meets Dec. 16

### Members Planning Prepare First Annual Report For Submission to Government

Members of the Alberta Post-War Reconstruction Committee will begin daily meetings Dec. 16 to prepare first annual report of their deliberations for presentation to the lieutenant-governor-in-council, it was learned Thursday.

Brought into being at the last session of the legislature, the reconstruction committee is required to submit annual reports under terms of the Legislative Act.

The committee has been sitting at intervals since early spring, and various sub-committees have also met from time to time since inception of the parent body. Sub-committee annual reports will be turned in to the main committee, under hon. N. E. Tanner, minister of land and mines, committee chairman, the main report will be drawn up. No actual date for presentation of the report has been set as yet.

It is understood a possibility exists of altering the status of the reconstruction committee, such as has been done in the Province of Saskatchewan. Some members, especially sub-committee chairmen, have found the work strenuous when added to their regular duties, and feel a permanent body would obviate this trouble.

City members of the committee are also planning to submit a report on the reconstruction of the city. The committee is also planning to submit a report on the reconstruction of the city. The committee is also planning to submit a report on the reconstruction of the city.

First officers were cast Thursday for the Red Deer by-election on Dec. 16, as advance poll opened at 10:30 a.m. under supervision of V. E. Anderson, Janitorial, returning officer.

The advance poll opened at 2 p.m. and closed at 5 p.m., and was re-opened for three hours at 7 p.m. The same hours will prevail Friday and Saturday, to accommodate those voters who will not be in the constituency on polling day itself.

There is no indication as to the number of soldier voters there will be in the constituency, and the number will be around 200. The Election Act requires that a soldier shall reside in the province for 12 months, and in the constituency for 12 months, and must be a British subject.

10,000 BALLOTS  
To take care of the expected increase in the vote for the by-election, 10,000 ballots have been sent to the returning officer for use on polling day.

Three candidates competing for the seat are W. J. MacGregor, M.P., and David Lee, Social Credit. All are wearing a strenuous campaign, and interest is reported running high as the riding as election day draws near.

The play in today's hands is one I have spoken about again and again, because whenever it comes up in a tournament, I see a number of players miss it. But first, just one word about the bidding on today's hand. Many players let four aces influence them too much. Over North's bid of one spade, South should bid either one no trump or two clubs. He had to find a lot of things in North's hand to help him make his contract.

Declarer won the opening lead with the heart ace. Now here is the play—with a five-card diamond suit to the king-queen-mid-ace and four to the ace, should the ace be led? Or should the lead come from the hand containing two honors? The correct play is the ace.

If the diamonds are split three-one, it doesn't make any difference which way it is played. If the four diamonds are in the East hand, at least one trick must be lost. But if the four diamonds are in the West hand, as they are in this one, the lead of the ace allows the declarer to finesse West out of all his diamonds and make five diamond tricks. Then the ace

## Repatriated Prisoner of War, Flt.-Lt. W. Mackay Weds Here

A quiet marriage ceremony was solemnized in Christ Church Tuesday evening by the Rev. P. C. O'Leary, when Miss Jean Harrington, daughter of Mrs. V. J. Harrington of Edmonton, became the bride of Flt.-Lt. William Mackay, son of Mr. and Mrs. W. D. Mackay of Calgary.

## Drives Car For Vice-Admiral

OTTAWA, Dec. 8.—(U.P.)—When Betty Allen, of 1867 Harvard Ave., Winnipeg, took a car to the mechanics' course as a Red Cross worker there before joining the Women's Royal Canadian Naval Service she had no idea it would lead to her present job—but she is driving Vice-Admiral Percy W. Nelles, chief of naval staff.

Leading Seaman Fred Hall, dispatcher at the naval base at Esplanade, drove her as a "very conscientious driver." She likes her new job, and said that Vice-Admiral Nelles, for her temporary assignment to the post, had been verified and made permanent.

**FIRST JOB**  
Driver Allen's first job was to drive Navy Minister Macdonald and Admiral Nelles to the annual dinner of the club for the Crows. Despite orders and heavy traffic she got along all right, she said.

"My leg was shaking so much from nervousness that I could barely hold the clutch," she added. When Allen reported here from H.M.C.A. Connelley, she said where she took her basic training for the chief of naval staff, Stanley Clark was the best man, and during the signing of the register Miss Aya Hilda sang "Unit".

A reception was held at the home of the bride's mother.

Cpl. and Mrs. Brown left the bride for the mountains. To travel the bride wore a two-piece ensemble complemented by a cinnamon bouffant. Her accessories were of dark brown.
